ARTISTIC SKILLS AND HAUTE HORLOGERIE

SPECIAL EDITION SCUBA ART – CHINESE ZODIAC

The Chinese New Year started officially the 5th of February and it's represented by the Pig icon, the last animal of the Chinese Zodiac: people who's born under this lunar sign seems to be the most jovial, honest, generous and sensible.

Zannetti has decided to celebrate this important festivity creating with the micropainting technique a delightful pink pig on the dial of one of it's most sporty exemplars,

enriching it with rigorously handmade decorations, details and precious materials.

Appealing to the talent of his best artisans, Zannetti and his Scuba Art – Chinese Zodiac, is an example of artistic skills and haute horlogerie, considering the high quality of the engraving on the Corozo Basis and the micropainting who was created to represent the topic on the dial, the New Year totem animal.
