

IBV International Vaults at Basel World 2019

IBV International Vaults takes the prodigious honor and the utmost privilege to be a part of Basel World 2019. IBV International Vaults is the world's most private exclusive vault facility and was founded in 2004 to the extent that it has converted to a highly prevalent cooperation for multinational clientele when it comes to storing valuables and confidential items.

IBV offers a personal supreme customer care facility and exclusivity to over 16'000 affluent and high leisured clienteles. As IBV is systematically encompassed with 13 different safe sizes, this enables our prestigious clients to customize their needs accordingly. With prided European facilities in Switzerland and London, each organization is equipped with the highest level of scientific development and technology. Ranging from CCTV, finger print scanners, seismic detection, dual key systems, specialized security and bullet proof glass facilities, we could be regarded as the most defensive vaults worldwide. IBV offers insurance as an additional assurance and protection of your assets and valuables.

IBV has the uppermost precedence to provide an absolute secure, safe and protected environment for your belongings and confidential assets thus providing our clientele with peace of mind. Our cooperation also exhibits piece de resistance and convenience with the requisite suitability for every individual.
